

The conference will take place at Practical Abilities and Simulation Centre, building C24, University of Medicine and Pharmacy Tîrgu-Mures, Gheorghe Marinescu 38.

## Organising committee

Janos Szederjesi  
Marc Lazarovici  
Cosmin Moldovan  
Marius Petrișor  
Alexandra Lazăr

ROMANIAN SOCIETY FOR SIMULATION APPLIED TO MEDICINE

UNIVERSITY OF MEDICINE AND PHARMACY TÎRGU MUREȘ

MediSim  
2nd EDITION

Tîrgu Mureș  
11-12 December 2017

**Monday, December 11**

**Session I**

**Keynote speaker, moderator**

**Stefan Gisin, *SESAM vicepresident***

- 09:00-09:30** **Stefan Gisin** - How effective is simulation based education really?  
**09:30-10:00** **Gabor Frituz** - Possibilities to overcome the limitations of simulation based medical education (SBME)  
**10:00-10:30** **Kopniczky Zsolt** - What do residents expect from Skill training?  
**10:30-11:00** **Adela Golea** - Bedside Ultrasound Simulation integrated in Clinical Algorithm - a new method to develop clinical decisions skills  
**11:00-11:30** **Coffee break**

**Session II**

**Keynote speaker, moderator**

**Marc Lazarovici, *SESAM secretary***

- 11:30-12:00** **Marc Lazarovici** - Interprofessional Education and Collaboration  
**12:00-12:30** **Radu Ciorap, Dan Zaharia** - The role of Simulation Center in providing high quality education in medicine  
**12:30-13:00** **Norina Forna** - 3D-assisted simulation in modern dentistry  
**13:00-13:30** **Bogdan Boboc** - Lessons learned from the experience of a private medical simulation centre in Romania  
**13:30-14:30** **Lunch break**

**Session III - Panel discussion**

**Moderators: Andrei Romancenco, Gabor Frituz**

- 14:30-15:00** **Andrei Romancenco** - One discipline – various approaches using simulation. CUSIM experience in palliative care  
**15:00-15:30** **Iurie Saratila** - Medical simulation in surgeon's non-technical skills development and evaluation  
**15:30-16:00** **Marin Vozian** - Simulation in surgical technical skills training  
**16:00-16:30** **Mircea Gherghinescu, Cristian Russu** - The importance of medical simulation in students surgical training  
**16:30-17:30** **Art exhibition „Art in the heart of a physician“, Main Building**

**Tuesday, December 12**

**Session IV - Panel discussion**

**Moderators: Sanda-Maria Copotoiu, Marc Lazarovici**

- 09:00-09:30** **Sanda-Maria Copotoiu** - Ethical considerations for medical simulation  
**09:30-10:00** **Janos Szederjesi** - Anesthesia and intensive care resident training program  
**10:00-10:30** **Alexandra Lazăr** - Technical skills simulation for trainees  
**10:30-11:00** **Emanuel Moisa** - Using simulation to improve clinical skills in Anesthesia and Intensive Care  
**11:00-11:30** **Coffee break**

**Session V**

**Moderator: Cosmin Moldovan**

- 11:30-12:00** **Cosmin Moldovan, Marina Budau, Ioana Bozdoghina** - The barriers of medical education can be systematically dismantled using simulators  
**12:00-12:30** **Dan Dîrzu** - Simulation in regional anaesthesia  
**12:30-13:00** **Petre Meleşteu** - Virtual simulators  
**13:00-13:30** **Alice Dragoescu** - Simulation in healthcare: where are the limits?  
**13:30-14:30** **Lunch**
